- NHTSA #15V577  
- Recall #F0S SAFETY RECALL F0S - REMEDY NOTICE 2009 - 2012 MODEL YEAR RAV4 2012 - 2014 MODEL YEAR RAV4 EV WIPER MOTOR LINK CORROSION  
- Status: Remedy Available

Locate an authorized Toyota dealer near you to schedule an appointment

⊖ **Learn more about this recall**

**Description:** In the involved vehicles, water dripping onto the windshield wiper motor link can, over time, cause corrosion and wear at the wiper motor link joint. In some cases this could result in the separation of the wiper link from the wiper motor crank arm.

If separation occurs, the windshield wipers could become inoperative, which could reduce driver visibility and increase the risk of a vehicle crash.

**Remedy:** Any authorized Toyota dealer will perform one of the following remedies at NO CHARGE to the owner.- If the interim repair (wiper crank sub-assembly replacement) HAS BEEN performed: The front cowl assembly will be replaced at NO CHARGE to the owner.- If the interim repair HAS NOT BEEN performed: The wiper crank sub-assembly and the front cowl assembly will be replaced at NO CHARGE to the owner.

- NHTSA #16V096  
- Recall #G0F SAFETY RECALL G0F - REMEDY NOTICE 2006 - 2012 MODEL YEAR RAV4 2012 - 2014 MODEL YEAR RAV4 EV REAR OUTBOARD SEATBELTS  
- Status: Remedy Available

Locate an authorized Toyota dealer near you to schedule an appointment

⊖ **Learn more about this recall**

**Description:** The subject vehicles are equipped with lap-shoulder seatbelts in both second-row outboard seats. There is a possibility that, in the event of a very severe frontal crash, the lap belt webbing could contact a portion of the metal seat cushion frame, become cut, and separate.

If this occurs, the seat belt may not properly restrain the occupant, which could increase the risk of injury.

**Remedy:** Toyota dealers will install plastic covers over the metal seat frame at NO CHARGE.

**Glossary****Accident Indicator**

CARFAX receives information about accidents in all 50 states, the District of Columbia and Canada.

Not every accident is reported to CARFAX. As details about the accident become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- According to the National Safety Council, Injury Facts, 2021 edition, 5% of the 276 million registered vehicles in the U.S. were involved in an accident in 2019. Over 77% of these were considered minor or

moderate.

- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 7/16/25 at 1:45:01 PM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

### Damage Indicator

Damage can be a result of many different types of events. Examples include contact with objects (other cars, trees, traffic signs, road debris, etc), vandalism, or weather-related events. Not every damage event is reported to CARFAX. As details about the damage event become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 7/16/25 at 1:45:01 PM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

### Damage Severity

Damage events result in one of the following severity levels:

- Minor: Generally, minor damage is cosmetic (including dents or scratches), may only require reconditioning, and typically does not compromise a vehicle's operation and/or safety.
- Moderate: Moderate damage may affect multiple components of the vehicle and may impair the vehicle's operation and/or safety.
- Severe: Severe damage usually affects multiple components of the vehicle and is likely to compromise the vehicle's operation and/or safety.

CARFAX recommends getting a pre-purchase inspection at a certified collision repair facility.

### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

### Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

### Toyota Recall / Service Campaign
