01/22/2020		American Honda Motor Co.	<b>Manufacturer Safety-related recall issued</b> NHTSA #20V-027 Recall #U6R Multi-Model NADI Airbag Inflator Safety Recall Status: Remedy Available  Locate an authorized Honda dealer to obtain more information about this recall   <b>Learn more about this recall</b>
<div><p><b>Description:</b> American Honda Motor Co., Inc. (Honda) is recalling certain model year 2000 Accord Coupe, 2000 Accord Sedan, 2000 Civic Coupe, 2000 Civic Sedan, 2000-2001 CR-V, and 2000-2001 Odyssey vehicles. These vehicles may have received a replacement driver frontal airbag module as part of a vehicle repair. Due to a manufacturing issue, the replacement NADI inflator may absorb moisture, causing the inflator to rupture or the airbag cushion to underinflate.</p><p>In the event of a crash necessitating airbag deployment, an inflator rupture may result in metal fragments striking the driver or other occupants. An underinflated airbag cushion may not properly protect the occupant. These scenarios increase the risk of serious injury or death.</p><p><b>Remedy:</b> Please call any authorized Honda dealer and make an appointment to have the driver frontal airbag inflator inspected and, if necessary, replaced with an inflator of a different design for free. For additional questions or to get help locating a dealer, owners may contact American Honda's Customer Support &amp; Campaign Center at 1-888-234-2138.</p></div>

## Glossary

### Damage Indicator

Damage can be a result of many different types of events. Examples include contact with objects (other cars, trees, traffic signs, road debris, etc), vandalism, or weather-related events. Not every damage event is reported to CARFAX. As details about the damage event become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 5/13/23 at 6:44:38 AM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

### Damage Severity

Damage events result in one of the following severity levels:

- Minor: Generally, minor damage is cosmetic (including dents or scratches), may only require reconditioning, and typically does not compromise a vehicle's operation and/or safety.
- Moderate: Moderate damage may affect multiple components of the vehicle and may impair the vehicle's operation and/or safety.
- Severe: Severe damage usually affects multiple components of the vehicle and is likely to compromise the vehicle's operation and/or safety.

CARFAX recommends getting a pre-purchase inspection at a certified collision repair facility.

### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

### New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.
