09/20/2018		Toyota Motor Sales, USA, Inc.		Manufacturer Safety recall issued - NHTSA #18E091 - Recall #J0U SAFETY RECALL J0U - REMEDY NOTICE CERTAIN 2011 - 2016 MODEL YEAR TC & CERTAIN 2008 - 2015 MODEL YEAR XB TRD BRAKE KIT - Status: Remedy Available Locate an authorized Scion dealer near you to schedule an appointment ➡ Learn more about this recall
Description: If an involved Scion tC or xB is equipped with an optional front wheel TRD brake kit, there is a possibility that the brake hoses installed as a part of this kit could become damaged over time. This condition could lead to reduced braking performance while driving, increasing the risk of a crash. Remedy: Toyota is currently preparing the remedy for this condition. All known owners of the Scion xB and Scion tC vehicles, on which an involved optional TRD brake kit could have been installed, will be notified by first class mail starting mid-November. If an involved TRD Brake Kit has been installed, Toyota will replace it with a standard equipment brake kit for that vehicle model. Separately, to ensure customer satisfaction, Toyota will be offering these owners compensation equivalent to the value of parts and labor for a new TRD brake kit.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Inspections

Many states or counties require annual or biennial emissions and/or safety inspections. Odometer readings are collected at the time of the inspection.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Scion Recall / Service Campaign

Portions of this report have been included under license from Toyota Motor North America, Inc. ("TOYOTA"), License Agreement TMS1013. This data applies only to vehicle marketed or originally sold in Mexico and the United States of America, including Guam, Saipan, American Samoa, Puerto Rico, the U.S. Virgin Islands and the other United States territories and protectorates with currently open safety or emissions recalls, or service campaigns. While TOYOTA provides

data to Carfax Inc. on a regular basis, this report may not include very recent activity. For the manufacturer's most current information on recall/campaign activity for any Toyota, Lexus or Scion brand vehicle, you must go to <http://toyota.com/recall> or <http://lexus.com/recall>.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
