Nissan North America Inc.

**Manufacturer Safety recall issued**  
 NHTSA #15V-032  
 Recall #R1421 ROGUE CONNECT  
 CRSN NTB15-006  
 Status: Remedy Available

Locate an authorized Nissan dealer near you to obtain more information about this recall

 [Learn more about this recall](#)

**Description:** On certain 2008-2013 Rogue and 2014 Rogue Select vehicles, a mixture of snow/water and salt carried onto the driver side floor area can seep into the carpet near the harness connector area and eventually cause an electric short to occur.

If this electrical short occurs it may lead to connector damage, possibly causing a fire.

**Remedy:** Nissan will inspect the kick panel wiring harness connector for damage. If no damage is detected, the vehicle will receive a waterproof seal for the harness. If damage is found, the dealer will install a new harness connector and the waterproof seal. This free service should take about an hour to complete, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

## Glossary

### Failed Emissions Inspection

The emissions check performed during a vehicle inspection indicated the vehicle was emitting more than allowable emissions standards and/or had missing or modified parts. Repeated failed emissions records can indicate engine problems and CARFAX recommends you have the vehicle inspected.

### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### Inspections

Many states or counties require annual or biennial emissions and/or safety inspections. Odometer readings are collected at the time of the inspection.

### Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

### New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

### Rental

Vehicle was registered by a rental agency.

### Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
