12/04/2018		Audi		Manufacturer Safety Recall issued - NHTSA #18V818 - Recall #20BJ FUEL FILTER FLANGE - Status: Remedy Available Locate an authorized Audi dealer to obtain more information about this recall  Learn more about this recall

Description: The affected vehicles were included/repared in an earlier safety recall, Audi Safety Recall code 20W9 (NHTSA 16V-660 / TC 2016-443). Under that safety recall, the fuel pump flange had been inspected and was found to have minor cracks (but no fuel leak), and butyl tape was applied to the fuel pump flange as an interim repair. The butyl tape repair may not fully prevent a future fuel leak at the fuel pump flange in these vehicles. Leaking fuel, in the presence of an ignition source, may result in a fire.

Remedy: Replace the fuel pump flange and install butyl tape on top of the new flange to protect it from outside contamination.

Glossary

Failed Emissions Inspection

The emissions check performed during a vehicle inspection indicated the vehicle was emitting more than allowable emissions standards and/or had missing or modified parts. Repeated failed emissions records can indicate engine problems and CARFAX recommends you have the vehicle inspected.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
