- Recall #69L2 STEERING WHEEL CLOCK SPRING
- Status: Remedy Available

Locate an authorized Volkswagen dealer to obtain more information about this recall

⊖ **Learn more about this recall**

**Description:** Hair or other fibers may contaminate the airbag clock spring (a spiral wound, flat cable that keeps the airbag powered while the steering wheel is being turned). This contamination may tear the cable and result in a loss of electrical connection to the drivers frontal airbag. A loss of electrical connection to the drivers frontal airbag will prevent the airbag from deploying in the event of a vehicle crash, increasing the risk of injury.

**Remedy:** To help correct this defect, dealers will:. Install a protective cover over the steering wheel clock spring if the vehicle does not have an airbag light on,.-OR-. Install a new steering wheel clock spring if the vehicle has an airbag light on (and diagnosis confirms the steering wheel clock spring requires replacement).

## Glossary

### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

**Lease**

When someone leases a car from a dealer, the dealer actually sells the vehicle to a leasing company. The leasing company then collects payments for the vehicle from the new owner for 24, 36, 48 or more months. A leasing company can be an independent car dealer or a car manufacturer.

**Manufacturer Recall**

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

**New Owner Reported**

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

**Ownership History**

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

**Rental**

Vehicle was registered by a rental agency.

**Title Issued**

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
