04/06/2017	Mazda Motor of America, Inc.	Manufacturer Safety recall issued NHTSA #17V-082 Recall #0917B SEAT LIFTER LINK CONCERN Status: Remedy Available Locate an authorized Mazda dealer near you to schedule an appointment  Learn more about this recall

Description: On the drivers seat, due to insufficient strength of the seat height adjustment lifter link, or, due to inadequate attachment method of the lifter link push nuts, the lifter link may become cracked or the push nuts may become separated.

If the seat lifter link is cracked and/or the push nuts separate from the seat frame, and if the seat is used continuously in this condition, abnormal noise and rattling may occur in the bottom of the seat. In the worst case, the seat lifter link may break or detach from the seat frame, the seat angle may incline, and the driver may not be able to maintain an appropriate driving position.

Remedy: Mazda dealers will inspect the condition of the driver's seat lifter link. If no cracks are detected, a reinforcement bracket will be added to the lifter links, and the number of push nuts will be increased to two per seat lifter link. If any cracks are detected, the dealer will replace the entire seat adjuster unit with a modified part. The repair will be performed free of charge to vehicle owners.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
