## Glossary

### Exceeds Mechanical Limits

A vehicle with a 5-digit odometer cannot accurately track mileage after 99,999 miles because the odometer rolls over. This title is the result of a seller certifying under the Federal Odometer Act, that the odometer reading EXCEEDS MECHANICAL LIMITS of the odometer.

### Federal Odometer Act

The Federal Odometer Act requires a seller to disclose the vehicle's mileage on the title when ownership is transferred. Congress enacted this Act to prohibit odometer tampering and to protect consumers from mileage fraud. Under this act, sellers must disclose any issues with the vehicle's odometer. These disclosures translate into the Exceed Mechanical Limits and Not Actual Mileage titles.

**New Owner Reported**

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

**Ownership History**

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

**Title Issued**

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
