<p>Description: As of May 2023, this safety recall has been upgraded to a STOP DRIVE. Do not continue to drive your vehicle until the repair is completed. This vehicle may have received a Takata inflator (PDSI-4) if the steering wheel was previously replaced. In the event of a crash necessitating deployment of the driver's air bag, excessive internal pressure could cause the air bag to explode.</p> <p>An exploding Inflator could result in metal fragments striking the driver or other passengers, potentially resulting in serious injury or death.</p> <p>Remedy: For your convenience, we created a website to check if you need to have your air bag replaced. Please visit https://www.bmwusa.com/recall/sw and follow the instructions to submit images of your VIN and steering wheel. A BMW Representative will review your submission and then let you know if a free repair at a BMW Center is necessary. If it is determined that the driver's front air bag module needs to be replaced, your BMW center will replace it for FREE. You can locate your nearest BMW center at www.bmwusa.com/dealer.</p>

Glossary

Failed Emissions Inspection

The emissions check performed during a vehicle inspection indicated the vehicle was emitting more than allowable emissions standards and/or had missing or modified parts. Repeated failed emissions records can indicate engine problems and CARFAX recommends you have the vehicle inspected.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
