| <div> <p><b>Description:</b> American Honda Motor Co., Inc. (Honda) is recalling certain model year 1998-2000 Accord Coupe and Accord Sedan, 1996-2000 Civic Coupe, 1998-2000 Civic Sedan, 1997-2000 CR-V, 1997-1998 EV Plus, 1998-2000 Odyssey, and 1998-1999 Isuzu Oasis vehicles. These vehicles were equipped with Non-Azide Driver Airbag Inflators (NADI) and do not contain phase stabilized ammonium nitrate (PSAN) propellant. Due to a manufacturing issue, the NADI inflators may absorb moisture, causing the inflators to rupture or the airbag cushion to underinflate.</p> <p>In the event of a crash necessitating airbag deployment, an inflator rupture may result in metal fragments striking the driver or other occupants. An underinflated airbag cushion may not properly protect the occupant. These scenarios increase the risk of serious injury or death.</p> <p><b>Remedy:</b> Please call any authorized Honda dealer and make an appointment to have the driver frontal airbag inflator inspected and, if necessary, replaced with an inflator of a different design for free. For additional questions or to get help locating a dealer, owners may contact American Honda's Customer Support &amp; Campaign Center at 1-888-234-2138.</p> </div> |        |                                                                                                                                  |                                                                                   |                                                                                                                                                                                                                                                                                                             |

## Glossary

### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.
