			 Learn more about this recall

Description: This recall involves the wiring for the system, known as the blower-motor, that controls air flow for the heating and air conditioning system. Over time, the connection between the wiring and this system could deteriorate and, in rare cases, could lead to overheating.

If overheating occurs, this could further lead to a short circuit or melting at the connection. In extremely rare cases, this could lead to a fire.

Remedy: The wiring will be inspected and a new part will be installed. Additional components will be replaced, if necessary, as determined at the time of repair.

BMW of North
America, LLC**Manufacturer Safety recall issued**

NHTSA #22V-119

Recall #22V-119:407 POSITIVE
CRANKCASE VENTILATION (PCV)
VALVE HEATER

Status: Remedy Available

Need more information about this
recall? Find an authorized BMW
dealer, emailCustomerRelations@bmwusa.com, or
call 1-800-525-7417
 **Learn more about this recall**

Description: This recall involves an engine component known as the Positive Crankcase Ventilation (PCV) valve heater. The PCV valve heater may not have been produced to specifications which could lead to a short circuit.

Should a short circuit occur, the PCV valve heater could overheat, lead to smoldering, and possibly start melting. In extremely rare cases, this could increase the risk of a fire.

Remedy: An electrical wiring harness with fuse protection for the PCV valve heater will be installed for free. If the PCV valve heater is damaged, it will be replaced for free. This may take up to several hours to perform.

**Glossary****First Owner**

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
