Description: The Occupant Classification System (OCS) is designed to classify the size and weight of the front seat passenger and, under certain conditions, automatically turn OFF the passenger air bag. The OCS system is designed to only deploy the front passenger airbag when the front passenger seat is occupied by an adult. In the affected vehicles, the OCS software may incorrectly classify the passenger seat as empty when it is occupied by an adult. If the OCS does not detect an adult occupant in the passenger seat, the passenger airbag would be deactivated.

Failure of the passenger airbag to deploy during a crash (where deployment is warranted) could increase the risk of injury to the passenger.

Remedy: Nissan is currently awaiting parts to remedy the affected vehicles. Nissan will send you a second letter, when parts are available, asking you to bring your vehicle to a Nissan dealer for the remedy at that time. This repair is free of charge for parts and labor. In the meantime, if you believe there is an issue with the OCS system in your vehicle, you may bring your vehicle into the nearest Nissan dealer for service.

01/20/2021	Nissan North America Inc.	Manufacturer Safety recall issued NHTSA #21V-020 Recall #PC786 PTHFR STP LMP SWTH NTB21-003 Status: Remedy Available
		<p>Locate an authorized Nissan dealer near you to obtain more information about this recall</p> <p> Learn more about this recall</p>

Description: Due to the location of the stop lamp switch on the brake pedal, a chattering condition may occur in the stop lamp relay. Under certain driving conditions, such as frequent stop-and go driving with repeated brake pedal input, the chattering can degrade the relay contact service life.

Over time, this may lead to the stop lamp relay sticking in the ON position. As a result, customers may experience one or more of the following symptoms lack of power, continuous stop lamp illumination, ability to shift the vehicle out of park without depressing the brake pedal, engine starting without depressing the brake pedal These symptoms could potentially increase the risk of a crash or rollaway.

Remedy: Dealers will inspect the stop lamp switch position and set the gap to required specification. For early model year 2013 affected vehicles (prior to November 9, 2012), dealers will inspect the stop lamp switch position, set gap to required specification, and replace the stop lamp relay with a new one. For late model year 2013 to 2015 vehicles (produced after November 9, 2012, dealers will swap the stop lamp switch on the brake pedal with the Automatic Speed Control Device (ASCD) switch location on the brake pedal and then replace the stop lamp relay with a new one. This free service should take up to one (1) hour to complete but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

06/23/2022		Nissan North America Inc.		Manufacturer Safety recall issued NHTSA #22V420 Recall #R22A3 PATH HOOD LOCK ASSY NTB22052 Status: Remedy Not Yet Available Locate an authorized Nissan dealer near you to obtain more information about this recall ⊖ Learn more about this recall

Description: ON CERTAIN 2013-2016 PATHFINDER VEHICLES, DUST OR DIRT CONTAMINATION MAY ACCUMULATE ON AND AROUND THE SECONDARY LATCH LEVER PIVOT JOINT. OVER TIME, THE BUILD-UP OF CONTAMINATION, COMBINED WITH A LACK OF PROPER INSPECTION AND MAINTENANCE OF THE SECONDARY LATCH (AS DESCRIBED IN THE OWNER S MANUAL), CAN CREATE MECHANICAL BINDING THAT COULD CAUSE THE LEVER TO REMAIN IN THE OPEN POSITION AFTER IT HAS BEEN DISENGAGED. IN ADDITION, THIS CONTAMINATION CAN SCRATCH THE SECONDARY LATCH S PROTECTIVE ANTI-CORROSION COATING, ALLOWING CORROSION OF THE BARE METAL IN THE PIVOT JOINT.

THE SECONDARY LATCH LEVER ACTUATES THE SECONDARY LATCH. IN SUCH CASES WHERE THE SECONDARY LATCH LEVER REMAINS IN THE OPEN POSITION, IF THE PRIMARY HOOD LATCH IS INADVERTENTLY RELEASED OR THE HOOD IS NOT CLOSED PROPERLY AFTER ENGINE SERVICE, THE SECONDARY LATCH MAY NOT HOLD THE HOOD CLOSED, AS DESIGNED, WHILE THE VEHICLE IS IN MOTION. IF THIS CONDITION OCCURS, THE HOOD MAY OPEN WITHOUT WARNING AND OBSTRUCT THE DRIVER S FORWARD VIEW, INCREASING THE RISK OF CRASH.

Remedy: CUSTOMERS WILL RECEIVE AN INTERIM OWNER LETTER THAT WILL INVITE THE CUSTOMER TO BRING THEIR VEHICLE TO A DEALER FOR INSPECTION AND, IF NECESSARY, REPLACEMENT OF THE HOOD LOCK ASSEMBLY, THE SECONDARY LATCH, AND THE HOOD LOCK RELEASE CABLE. THE INTERIM INSPECTION AND, AND IF NECESSARY, PARTS REPLACEMENT SHOULD TAKE APPROXIMATELY ONE (1) HOUR TO COMPLETE. THE DEALER MAY REQUIRE THE VEHICLE FOR A LONGER PERIOD OF TIME BASED UPON THE DEALER S WORK SCHEDULE.

CARFAX Glossary

Accident Indicator

CARFAX receives information about accidents in all 50 states, the District of Columbia and Canada.

Not every accident is reported to CARFAX. As details about the accident become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- According to the National Safety Council, Injury Facts, 2021 edition, 5% of the 276 million registered vehicles in the U.S. were involved in an accident in 2019. Over 77% of these were considered minor or moderate.
- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available

as of 10/5/24 at 7:48:09 AM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

Damage Indicator

Damage can be a result of many different types of events. Examples include contact with objects (other cars, trees, traffic signs, road debris, etc), vandalism, or weather-related events. Not every damage event is reported to CARFAX. As details about the damage event become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 10/5/24 at 7:48:09 AM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

Damage Severity

Damage events result in one of the following severity levels:

- **Minor:** Generally, minor damage is cosmetic (including dents or scratches), may only require reconditioning, and typically does not compromise a vehicle's operation and/or safety.
- **Moderate:** Moderate damage may affect multiple components of the vehicle and may impair the vehicle's operation and/or safety.
- **Severe:** Severe damage usually affects multiple components of the vehicle and is likely to compromise the vehicle's operation and/or safety.

CARFAX recommends getting a pre-purchase inspection at a certified collision repair facility.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Rental

Vehicle was registered by a rental agency.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
